

BSI Standards Publication

Hard coal — Froth flotation testing

Part 1: Laboratory procedure

National foreword

This British Standard is the UK implementation of ISO 8858-1:2019.

The UK participation in its preparation was entrusted to Technical Committee PTI/16, Solid mineral fuels.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
