Information technology — Scalable compression and coding of continuous-tone still images

Part 2: Coding of high dynamic range
images

National foreword

This British Standard is the UK implementation of ISO/IEC 18477-2:2016.

The UK participation in its preparation was entrusted to Technical Committee IST/37, Coding of picture, audio, multimedia and hypermedia information.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
