IT security techniques — Competence requirements for information security testers and evaluators

Part 1: Introduction, concepts and general requirements

National foreword

This British Standard is the UK implementation of ISO/IEC 19896-1:2018.

The UK participation in its preparation was entrusted to Technical Committee IST/33/3, Security Evaluation, Testing and Specification.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
