

BSI Standards Publication

**Information technology — Cloud computing
— Cloud services and devices: Data
flow, data categories and data use**

National foreword

This British Standard is the UK implementation of ISO/IEC 19944:2017.

The UK participation in its preparation was entrusted to Technical Committee IST/38, Cloud Computing and Distributed Platforms.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
