# **Internet of things (IoT) — Interoperability for IoT systems**

---

Part 2: Transport interoperability

## National foreword

This British Standard is the UK implementation of ISO/IEC 21823-2:2020.

The UK participation in its preparation was entrusted to Technical Committee IOT/1, Internet of Things.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
