

BS ISO/IEC 24753:2011

BSI Standards Publication

**Information technology —
Radio frequency identification
(RFID) for item management —
Application protocol: encoding
and processing rules for
sensors and batteries**

National foreword

This British Standard is the UK implementation of ISO/IEC 24753:2011.

The UK participation in its preparation was entrusted to Technical Committee IST/34, Automatic identification and data capture techniques.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
