

BS ISO/IEC 24791-5:2012

BSI Standards Publication

Information technology — Radio frequency identification (RFID) for item management — Software system infrastructure

Part 5: Device interface

National foreword

This British Standard is the UK implementation of ISO/IEC 24791-5:2012.

The UK participation in its preparation was entrusted to Technical Committee IST/34, Automatic identification and data capture techniques.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
