## CONTENTS

|                                                                                            | <i>Page</i> |
|--------------------------------------------------------------------------------------------|-------------|
| 1 Scope .....                                                                              | 1           |
| 2 Normative references .....                                                               | 1           |
| 2.1 Identical Recommendations   International Standards .....                              | 1           |
| 2.2 Paired Recommendations   International Standards equivalent in technical content ..... | 1           |
| 3 Definitions .....                                                                        | 2           |
| 3.1 Basic Reference Model definitions .....                                                | 2           |
| 3.2 Security architecture definitions .....                                                | 2           |
| 3.3 Additional definitions .....                                                           | 2           |
| 4 Abbreviations .....                                                                      | 4           |
| 5 Notation .....                                                                           | 4           |
| 6 Organization .....                                                                       | 4           |
| 6.1 Part 1 – Overview .....                                                                | 4           |
| 6.2 Part 2 – Authentication .....                                                          | 4           |
| 6.3 Part 3 – Access control .....                                                          | 5           |
| 6.4 Part 4 – Non-repudiation .....                                                         | 5           |
| 6.5 Part 5 – Confidentiality .....                                                         | 5           |
| 6.6 Part 6 – Integrity .....                                                               | 6           |
| 6.7 Part 7 – Security audit and alarms .....                                               | 6           |
| 6.8 Key management .....                                                                   | 6           |
| 7 Common concepts .....                                                                    | 6           |
| 7.1 Security information .....                                                             | 7           |
| 7.2 Security domain .....                                                                  | 7           |
| 7.2.1 Security policy and security policy rules .....                                      | 7           |
| 7.2.2 Security domain authority .....                                                      | 8           |
| 7.2.3 Inter-relationships among security domains .....                                     | 8           |
| 7.2.4 Establishment of secure interaction rules .....                                      | 9           |
| 7.2.5 Inter-domain security information transfer .....                                     | 9           |
| 7.3 Security policy considerations for specific security services .....                    | 9           |
| 7.4 Trusted entities .....                                                                 | 9           |
| 7.5 Trust .....                                                                            | 10          |
| 7.6 Trusted third parties .....                                                            | 10          |
| 8 Generic security information .....                                                       | 10          |
| 8.1 Security labels .....                                                                  | 10          |
| 8.2 Cryptographic checkvalues .....                                                        | 11          |
| 8.3 Security certificates .....                                                            | 11          |
| 8.3.1 Introduction to security certificates .....                                          | 11          |
| 8.3.2 Verification and chaining of security certificates .....                             | 12          |
| 8.3.3 Revocation of security certificates .....                                            | 12          |
| 8.3.4 Re-use of security certificates .....                                                | 12          |
| 8.3.5 Security certificate structure .....                                                 | 12          |
| 8.4 Security tokens .....                                                                  | 13          |
