Gas cylinders — Guidance for design of composite cylinders

Part 4: Cyclic fatigue of fibres and liners

National foreword

This Published Document is the UK implementation of ISO/TR 13086-4:2019.

The UK participation in its preparation was entrusted to Technical Committee PVE/3/3, Transportable Gas Containers - Cylinder Design, Construction and Testing at the Time of Manufacture.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
