Adventure tourism — Leaders — Personnel competence

National foreword

This Published Document is the UK implementation of ISO/TR 21102:2013.

The UK committee is of the opinion that PD ISO/TR 21102 may have limited application in the UK, given the coverage of the UK's national governing body. However, SVS/2/5 has expressed that the Technical Report may improve conditions in countries without formally recognized training schemes. It could therefore prove a useful procurement tool for UK providers purchasing the services of leaders in such countries. The Technical Report is intended to enhance the provision across the adventure tourism sector of competent activity instructors.

The UK participation in its preparation was entrusted by Technical Committee SVS/2, Tourism services, to Subcommittee SVS/2/5, Adventurous activities, expeditions, visits and fieldworks.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
